# **PWPurple Plus<sup>®</sup>**

PVC Pipe for Non-Potable Reclaimed Water Systems

**Because Every  
Drop Counts**

# Purple is perfect for a greener world.

In response to the environmental concerns each of us shares, PWPurple Plus® pipe is manufactured to meet the growing use of water reclaimed from wastewater systems. Currently,

reclaimed water fulfills a variety of irrigating needs from golf courses to parks and traffic medians throughout the US. PWPurple Plus® pipe is an ideal product to help meet the challenges created by diminishing water supplies.

## The Pluses of PWPurple Plus® Products

In addition to being an effective color-coded indicator of dedicated pipe, PWPurple Plus® pipe provides proven performance.

- Superior resistance to corrosion and chemicals.
- Immunity to electrolysis.
- Low maintenance.
- Exceptional strength and durability.
- Superior hydraulics.
- Conformance to all applicable national standards.
- Lightweight.

PWPurple Plus® pipe has the distinction of being a product specifically designed to meet new market demands, while offering time-tested PW Eagle quality.

PW Eagle's rigorous quality-control standards ensure that PWPurple Plus® pipe meets or exceeds industry specifications.
